

Anthony Rutherford

Who is Anthony Rutherford? He is but a humble accountant and Registered Tax Agent, operating a small practice in the northern suburbs of Brisbane for many years. Prior to that, Anthony was employed as an Accountant and Manager in a number of Accounting Practices in both Australia and Vanuatu. Whilst this long history of accounting expertise may condemn him as a pariah socially, it does provide qualifications and background which are of benefit to 4ZZZ, and integral to the role of Treasurer.

A 4ZZZ subscriber for many years, Anthony is proud to identify himself as both a “Zedder” and a station volunteer. Passion is a word not often used in sentences with the word accountant, but Anthony does indeed harbour some passion. Passion about the 4ZZZ community, and about playing a role in the future of that community.

He may be dull, colourless and boring, but Anthony has served the 4ZZZ community for some time now as a station volunteer and as a Board member – and is ready to continue doing so.
